Report on the Financial Statements

We have audited the accompanying financial statements of Mike Silva Evangelism International, Inc. (MSEI) which comprise the statement of financial position as of February 28, 2019, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MSEI as of February 28, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in *Note 1* to the financial statements, MSEI has adopted Accounting Standards Update (ASU) No. 2016-14, Not-for-Profit Entities (Topic 958): *Presentation of Financial Statements of Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

Notes to Financial Statements

1. Nature of Organization

The mission of Mike Silva Evangelism International, Inc. (MSEI) is to practice and proclaim the life-changing message of the Lord Jesus Christ in the world's most spiritually receptive places.

Mike Silva, President of MSEI, is a nationally recognized evangelist, strategist, and consultant. He has preached the Gospel to thousands of people around the world in crusades, conferences, festivals, and churches.

2. Summary of Significant Accounting Policies

The significant accounting policies followed by MSEI are described below to enhance the usefulness of the financial statements to the reader.

Basis of Presentation - MSEI's financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP). Net assets and all balances and transactions are presented based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of MSEI and changes therein are classified and reported as follows:

Net assets without donor restrictions - Net assets not subject to donor-imposed stipulations.

These net assets include those amounts available at the discretion of the Board of Directors for use in MSEI's operations and those resources invested in equipment.

Net assets with donor restrictions - Net assets subject to donor-imposed stipulations that will be met by either actions of MSEI and/or the passage of time.

Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of net assets with donor restrictions (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

All contributions are considered available for unrestricted use, unless specifically restricted by the donors or subject to legal restrictions. For contributions restricted by donors for the acquisition of property or other long-lived assets, the restriction is considered to be met when the property or other long-lived asset is placed in service.

Restricted contributions are classified as net assets without donor restrictions when the restriction is met in the same year the contribution is received. As such, restricted contributions for specific festivals totaling \$257,986 for the year ended February 28, 2019, have been classified as net assets without donor restrictions as the donor-stipulated purpose restriction was met in the same period these contributions were received.

2. Summary of Significant Accounting Policies - Continued

Use of Estimates - The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from these estimates. Among other things, estimates are used in the financial statements to determine any required allowance for doubtful accounts and to allocate certain expenses by function.

Cash and Cash Equivalents - For purposes of the financial statements, MSEI considers all liquid investments having initial maturities of three months or less to be cash equivalents.

Revenue Recognition - Contributions are recorded when cash or unconditional promises to give have been received, or ownership of donated assets is transferred to MSEI. MSEI records contributions as restricted if they are received with donor stipulations that limit their use through purpose and/or time restrictions.

Unconditional promises to give that are expected to be collected within one year are recorded as contributions receivable at net realizable value. When cash is received for the unconditional promise, it is recorded as a reduction of the receivable. Management does not believe an allowance for uncollectable receivables is necessary.

A conditional promise to give is considered to be contingent upon specified requirements and is recognized as income when the conditions on which the promise depends are substantially met. At February 28, 2019, there were no conditional promises to give.

Non-cash gifts are recorded at their estimated fair value on the date of the gift.

Contributed Services - The estimated fair value of donated services is recorded if the services create or enhance nonfinancial assets or require specialized skills, are performed by an individual possessing those skills, and represent services that would have been purchased if not donated. Many volunteers have contributed significant amounts of their time to activities of MSEI; however, since the above requirements were not met, the value of the contributed services is not recorded in the financial statements.

Functional Allocation of Expenses - The costs of providing the various program services and supporting activities have been presented on a functional basis on the accompanying statement of functional expenses. Accordingly, certain costs have been allocated among the program and supporting activities. Such allocations are determined by management on an equitable basis. The expenses allocated include: salaries and related expenses, finance, development, depreciation, and office expenses. They are allocated using estimates of time and effort.

2. Summary of Significant Accounting Policies - Continued

Equipment - Expenditures for equipment are capitalized at cost. Donated items are recorded at the fair value on the date of gift. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, which is typically three years.

At February 28, 2019, cost of equipment was \$56,187 and accumulated depreciation totaled \$51,686.

Income Taxes - MSEI is organized as a not-for-profit religious corporation exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. It is also exempt from state income taxes. MSEI has been classified as a publicly supported organization, which is not a private foundation, under Section 509(a) of the Internal Revenue Code.

GAAP prescribes a recognition threshold and measurement process for accounting for uncertain tax positions and provides guidance on various related matters such as interest, penalties, and required disclosures. Management believes MSEI does not have any uncertain tax positions. MSEI files informational returns. Generally, the returns are subject to examination by income tax authorities for three years from the filing of a return. Interest or penalties assessed by taxing authorities, if any, would be included with general and administrative expenses. Currently, there are no tax examinations in progress.

Concentrations of Credit Risk - MSEI maintains a majority of its cash balances in a bank located in Portland, Oregon. These balances are insured by the Federal Deposit Insurance Corporation up to specified limits. At times, these balances may exceed these specified limits.

Subsequent Events - Management has evaluated subsequent events through July 23, 2019, the date the financial statements were available to be issued.

New Accounting Standard - In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, Not-for-Profit Entities (Topic 958): *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. MSEI implemented ASU 2016-14 during the year ended February 28, 2019, and has adjusted the presentation in these financial statements accordingly.
